

THE PROMPT GENERATOR

Instruction Guide (v1.5.8)

IMPORTANT: These are four separate paths, not four required tasks. Pick one box only, complete that method, and then proceed to Choose Your Website Configuration.

1) Manual Entry

- Use this option when you want to enter the customer's information yourself.
- Complete all fields in Sections 1–16
- When finished, go to Choose Your Website Configuration

2) Import Customer Submission

- Use this option when the customer fills out the form and sends you their information.
- Send them to jwwbsites.com/input-form
- They fill out the form; click Generate Prompt, then Copy Prompt.
- They paste that into an email (Ctrl+V) and send it to you
- Copy their response into the Import Customer Intake section
- Then go to Choose Your Website Configuration

3) Load Industry Data (.json File)

- Use this option when you want the fields to auto-populate from an industry-specific file.
- Go to jwwbsites.com/industry
- Right-click the industry you want and choose Save Link As
- Save the file to your computer
- In the Export / Import Section, click Choose File
- Select the file you downloaded and click Import Saved Data
- All 16 fields will auto-populate
- Then go to Choose Your Website Configuration

4) Export Saved Data

- Use this option when you want to save your completed inputs and reload them later.
- Complete all 16 fields
- Click Export Saved Data
- Save the file locally
- Use Import Saved Data anytime to reload your saved information

Final Step: Generate Your Page

- Go to Choose Your Website Configuration
- Complete that section, choosing the page(s) you want to generate
- Click Generate Selected Page Prompt
- Click Copy Prompt
- Paste the prompt into your AI tool (Ctrl + V), then press Enter or click the send button to generate your page
- When AI finishes, click the copy icon in the AI window
- Open your JW Websites Proprietary AI System
- From the Dropdown Menu, select the page you are working on
- Click into the block and paste the AI output (Ctrl + V)
- Click Save Block
- Click your name at the top of the page to preview your updated website
